

Leisure Options

All of our adventure packages begin with a drive down to Girdwood, and our guests are dropped off at the Alyeska Resort as the starting point for their adventure. The Alyeska Resort is a chateau-style destination resort known not only for its inspiring aesthetics, but for its luxurious accommodations and leisure activities.

For those guests who choose not to participate in some of the activities or have time to spare after their adventure, they can spend leisure and relaxation time in the beautiful gardens of the courtyard behind the Resort.

There are many nice paths to stroll along, chairs and benches to lounge on, beautiful flowers to admire, a fire pit to cozy up to, beverage service in the terrace, and a picturesque pond to complete the serene ambiance.

Any leisure option that requires reservations and additional payment must be made directly to the Alyeska Resort. The following options are services of the Alyeska Resort and will acquire additional costs.

- Dining at the Alyeska Resort
