

# Mush On!

- Adults \$299
- Seniors (60+) \$292
- Children (12 & under) \$249

Start off with a memorable one-hour ride down one of the nation's most scenic and beautiful highways, where you will experience breathtaking views of mountain ranges, hanging glaciers, ocean coastline and wildlife. Your guide will narrate highlights of the area, Alaska's history and other interesting facts on your way to Girdwood.

Once in Girdwood, you can use your \$15 food voucher at the Tramway Café inside the Alyeska Resort. They offer indoor seating, or you can choose to picnic outside on the terrace which overlooks the beautiful flower gardens and pond.

You will be picked up by Gold Mine Safari Tours for an 8 mile journey in their open air Pinzgauer. You will ride along the historic Iditarod trail to an elevation that showcases stunning views of the surrounding mountains. They will drop you off with the Girdwood Mushing Company where you will meet 8-time Iditarod musher Nicolas Petit, and his amazing sled dogs. Observe dog handling techniques and interact with the dogs that ran the 1,049-mile Iditarod race. Experience the excitement and energy of these dogs as they pull you along for a 20 minute ride in their dog sled cart. You can feel the raw power of these sled dogs as you ride through trails high up in the mountains.

After your dog sled cart ride, you will visit their puppy pavilion. This will be your chance to cuddle and play with future Iditarod racers, or check out Iditarod memorabilia including Nick's racing sled, trophies, and all the gear and warm clothing that he needs to survive while racing over a thousand miles in unforgiving conditions.

Once you are finished at the Girdwood Mushing Company, the Pinzgauer will take you back to the Alyeska Resort. There you will take an aerial tram for a 2,000 foot vertical ride to the top of Mt. Alyeska, overlooking Turnagain Arm with its panoramic views of the Chugach Mountain Range including seven "hanging" glaciers. Consider popping into the Roundhouse Museum and Giftshop or take a walk around the area for photo ops.

After returning from your visit to the mountain top, we will take you to the Girdwood Brewing Company. There you can relax and reminisce about your adventure-filled day while enjoying a refreshing sampler paddle of their locally crafted beers, before our journey back to Anchorage.
